

"Create A Melody"

By Johnna Crider

Create a melody  
Watch it grow  
And let it flow  
From your heart

Sing softly  
And remember  
Me before you go

Let this moment  
Exist only in  
Our memories  
And flow with the melody

You have your song  
I have mine  
Together we have  
A chance  
Together we can dance  
To our song

And when it ends  
It will always  
Reside in our hearts  
Cherished

Just remember  
Our song before you  
Go away  
Say good bye  
I walk you  
And watch you  
Fade into the light

Now we will meet again  
I have to finish my  
Melody  
It still goes on
